

BA-400 SPIN SPIKER

The **Bannerman BA-400 Multi-Ject Aerator** is 48 inches wide with newly designed tine reel assemblies which allow for smoother operation and more holes per square yard. Also new for 2002, is the **Spiker Tine**, used for surface aeration. The Multi-Ject can now be fitted with a total of four different types of tines: Core, Slitter, Fracture and Spiker Tines. Available in Tow-Behind with hydraulic wheel lift or Three Point Hitch. Floating roller attachment is also available.

The Spiker Tine has a 10-1/2" diameter and is manufactured hardened surgical steel. The BA-400 has a total of 26 tines, each blade with 15 spikes or points, set on 1-5/8" centres, for a total spiking width of 38". The tines spin freely on hardened tine shafts.
